

## California LGBT Health and Human Services Network

June/ 1/ 2018

### June Network Call

This month we will be hearing from Gil Duran, from the Department of Managed Health Care. Gil will be sharing information about the Department's role in regulating health care plans, California's guarantee of access to transition-related health care, and how to appeal a denial of care.

Last week was the final week to pass legislation out of its house of origin. Join us on June 7 to discuss what you can do to support and champion policy and system change. This call we will be discussing 2018 legislation, the budget, and administrative advocacy.
