LGBTQ Health & Human Services Convening

MAY 28 - 29, 2019
Sacramento, CA

Registration is now open for the *LGBTQ Health and Human Services Convening*. The two-day event will bring together community leaders from across California who are dedicated to improving the health and wellness of LGBTQ communities. The agenda is full of workshops, presenters, and mentors available to share skills with other queer and trans community builders to bring back and implement in their own communities.

On these panels, community members will share how they have accessed specific resources, implemented advocacy strategies, and how your community can too:

- County Mental Health Funded LGBTQ Programs
- LCFF/LCAP School District Advocacy and Resources for LGBTQ Youth
- Creating Sustainable Movements in Small Communities

Workshops will build skills related to LGBTQ health and human services program development, policy engagement, and advocacy skills. All workshops will offer next steps you can use to support the work in your local community.

A complete list of workshops and more event information is available on our **website**
