Happy Pride Month!

Pride is an important time to celebrate the resilience of LGBTQ communities and come together to keep pushing for equity.

Thank you to everyone who joined us at #QTConvening19. We hope you enjoyed meeting others throughout the state who are serving LGBTQ Californians and learning new skills and resources you can use.

As I mentioned during the welcome, we need everyone to join us in pushing back against the Trump Administration's proposed changes to Section 1557 - the federal rule prohibiting health care discrimination based on gender identity. In California the Insurance Gender Nondiscrimination Act continues to guarantee access to healthcare for trans Californians; however, your voices are needed to submit comments and speak out against this rule.

We'll be discussing this during our monthly web conference tomorrow and you can find resources [here](#) and submit your comments on the [Protect Trans Health](#) webpage.

Sincerely,

Amanda McAllister-Wallner
